The N-Mark is a trademark or registered trademark of Nike, Inc. in the United States and in other countries.

Windows is a registered trademark or trademark of Microsoft Corporation in the United States and/or other countries.

Mac, OS X, iPhone and iPod touch are trademarks of Apple Inc., registered in the U.S. and other countries.

“Made for iPod” and “Made for iPhone” mean that an electronic accessory has been designed to connect specifically to iPod® and iPhone, respectively, and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Please note that the use of this accessory with iPod or iPhone may affect wireless performance.

Qualcomm® is a trademark of Qualcomm Incorporated, registered in the United States and other countries, used with permission. Qualcomm aptX™ audio is a trademark of Qualcomm Technologies International, Ltd. registered in the United States and other countries. used with permission.

Android is a trademark of Google Inc. Other trademarks and trade names are those of their respective owners.

- Do not put weight or pressure on this unit.
- Do not use the unit in areas near fire, steam, or other sources of heat.
- Do not expose the unit to excessive shock.
- Clean the unit with a soft dry cloth. The unit is not waterproof.

Remember to follow the precautions below.

Be careful not to drop the unit into a sink or other container filled with water. If you touch the unit with wet hands, or if you touch the unit in a damp article of clothing, the unit may get wet and this may cause malfunctions.

If you experience discomfort after using the unit, stop using the unit immediately. Consult your doctor if you have any ear pain, accidentally placing the unit in your ear, or if you experience dizziness.

• Because children may swallow small parts such as an earbud, keep the unit out of reach of children.

If you have any questions or problems concerning this unit that are not covered in this manual, please consult your nearest Sony dealer.

– Do not install the appliance in a confined space, such as a bookcase or built-in cabinet.

– A device using 2.4 GHz frequency, such as a Wi-Fi device, cordless telephone, or other wireless device, is in use near this device.

– Because Bluetooth devices and Wi-Fi devices use the same frequency (2.4 GHz), microwave interference may occur resulting in noise or audio dropout in this unit. To minimize this, turn off the Wi-Fi device. In such a case, perform the following:

– If this unit is used within 10 m of a Wi-Fi device, turn off the Wi-Fi device. – Install this unit and the Bluetooth® device as near to each other as possible. – Move the equipment as far away from the unit as you can. – If you are using a mobile phone, it may be necessary to charge and discharge the cells or batteries several times to obtain satisfactory performance. – Turn off the unit and other Bluetooth® devices if you are using the unit.

Notice for customers: the following information is applicable to equipment sold in countries applying the CE mark.

This product has been manufactured by or for the customer by Sony Corporation, 1-7-1 Minato-ku Tokyo, 108-0075 Japan. Inquiries relative to product compliance based on CE marking information should be addressed to the authorized representative, Beldex s.r.l., Via Spilimbergo 21, 36015 Viadana, Da Vinciin 791, 3925 Zaventem, Belgium. For any service or guarantee inquiries, contact your nearest Sony dealer. – Due to the characteristic of the wireless technology, the sound played may be misaligned when viewing a movie or playing a game. – The image and sound may be misaligned when viewing a movie or playing a game. – This unit supports security capabilities that provide a secure connection when the Bluetooth® wireless technology is used, but security may not be enough. – Depending on the setting, be careful when communicating using Bluetooth wireless technology. – We do not take any responsibility for the leakage of information during Bluetooth communications. – Connection with all Bluetooth devices cannot be guaranteed. – Some devices may not be connected or work correctly, depending on the features or specifications of the device.

– While talking on the phone without free, mobile or CDMAx lead, by ensuring these products and batteries are disposed of properly, you will help prevent these products from becoming negative components for the environment. – To keep the unit and the battery safe from negative components for the environment caused by inappropriate waste handling, the recycling of the materials will help to protect the environment. – The steps may be improved by setting the sound quality mode to priority on the Bluetooth® profile. – Some products may require a permanent connection with an incorporated battery, this battery should be replaced by your service provider. – To ensure that the battery and the electrical and electronic waste are disposed of properly, hand over these products at an authorized recycling center where you will receive instructions for the recycling of electrical and electronic equipment. For all other batteries, please refer to the section on battery recycling. – When you use a smartphone, the situation may be improved by shutting the screen off to the applications or rebooting the smartphone.

– **Headphones frequently damaged** – The steps may be improved by setting the sound quality mode to priority on the Bluetooth® profile. – Some products may require a permanent connection with an incorporated battery, this battery should be replaced by your service provider. – To ensure that the battery and the electrical and electronic waste are disposed of properly, hand over these products at an authorized recycling center where you will receive instructions for the recycling of electrical and electronic equipment. For all other batteries, please refer to the section on battery recycling. – When you use a smartphone, the situation may be improved by shutting the screen off to the applications or rebooting the smartphone.

– **On the use of calling apps for smartphone or battery, please contact your local Civil Office, your household waste authority, or your local authority where you purchased the product or battery.**

The validity of the CE marking is restricted to this product. Do not attach batteries to the product. On certain batteries this mark is enforced, mainly in the countries EA (European Economic Area).

This unit can be charged using USB only. Personal computer with USB port is required for charging. This unit cannot be turned on, nor can the Bluetooth® and noise cancelling functions be used. – If you do not use the unit for a long time, the rechargeable battery may not be able to hold sufficient charge. The battery may be able to charge a battery properly after several days.

– **On charging the unit** – This unit cannot be charged using USB only. Personal computer with USB port is required for charging. – This unit cannot be turned on, nor can the Bluetooth® and noise cancelling functions be used. – If you do not use the unit for a long time, the rechargeable battery may not be able to hold sufficient charge. The battery may be able to charge a battery properly after several days.

– **On the use of calling apps for smartphone or battery, please contact your local Civil Office, your household waste authority, or your local authority where you purchased the product or battery.**

Wireless noise cancelling stereo headset

Power source: • The battery is built in lithium-ion rechargeable battery.

DC 5V: When charged using USB or power source 5 V (1 main unit approx. 61 g)

Operating temperature: 0 °C to 40 °C

Useage hours: • When connecting via the Bluetooth® wireless communication function: • Music playback time: Max. 13 hours (NC ON) • Music playback time: Max. 13 hours (NC OFF) • Standby time: Max. 10 hours (NC ON), Max. 12 hours (NC OFF) • Talk time: Max. 7 hours (NC ON), Max. 8 hours (NC OFF) • When connecting via the headphone cable with NC ON:

• **Note:** Usage hours may be shorter depending on the volume of use and the conditions of use.

Charging: 3.5 hours (About 70 minutes of music playback is possible in a full charge when the unit is fully charged. Note: Charging and usage hours may vary depending on the conditions of use.

Charging temperature: 5 °C to 35 °C

Type: Hybrid Driver unit: Receiver • Frequency response: 3 Hz - 40,000 Hz (JEITA) (When connecting via the headphone cable with the unit turned on)

Impedance: • 22 Ω (1 kHz) (When connecting via the headphone cable with the unit turned on)

Sensitivity: • 100 dB/mW (When connecting via the phone cable with the unit turned on)

• 100 dB/mW (When connecting via the headphone cable with the unit turned off)

Microphone: Type: Electret condenser **Directivity:** Omni directional **Frequency response:** 100 Hz - 8,000 Hz

System requirements for battery charge using USB

(As of August 2017)

Personal Computer with pre-installed with the following operating systems and OS:

Operating Systems Windows 10 Home / Windows® 10 Pro Windows 8.1 / Windows® 8.1 Pro Windows 7 / Windows® 7 Professional / Ultimate (When using Mac)

Design and specifications are subject to change without notice.

Français

N’installez pas l’appareil dans un espace restreint, comme une bibliothèque ou un autre espace clos.

N’exposez pas les piles (batteries rechargeables) à une chaleur excessive (par exemple, à côté d’un radiateur) ou à d’autres sources de chaleur pendant une période prolongée.

Ne pas désemboîter, ouvrir ou débrancher les piles ou les batteries.

Ne pas essayer de liquéifier (éviter que le liquide s’échappe en contact avec la peau) ou les piles. En cas de fuite, laver abondamment à l’eau et rincer soigneusement à l’eau claire.

– Ne pas utiliser la batterie de recharge doivent être chargées avant utilisation. Référer-vous au manuel de l'utilisateur du fabricant ou au manuel de l'utilisateur des appareils, ou contacter le service client pour procéder à un chargement approprié.

Après une période de stockage prolongé, il peut être nécessaire de charger ou de recharger les piles usées. Si vous ne disposez plus de piles rechargeables appropriées, vous pouvez les remplacer avec de nouvelles piles rechargeables.

Avis à l’intention des clients : les renseignements suivants s’appliquent aux appareils vendus dans l’Union Européenne

Ce produit a été fabriqué par ou pour le fabricant Sony Electronics Corporation, Minato-ku Tokyo, 108-0075 Japon. Toutes les demandes de renseignements relatives à ce produit basées sur la législation européenne doivent être adressées à notre service client. Sony Europe Limited, Davincilaan 791, 3935 Zaventem, Belgique. – Nous ne pouvons pas être tenus responsables des dommages matériels ou corporels causés par les piles ou les batteries rechargeables que nous ne contrôlons pas. – Les différences de tailles de trous dans la partie arrière des appareils n’affectent pas la qualité du son.

– Vous devez porter l’ensemble d’une telle batterie usagée, mais vous ne devez pas la débrancher. – Veuillez consulter la notice de sécurité en français sur le site Internet de votre fournisseur de matériel de consommation électronique. – Les piles peuvent se connecter par ou non à fonctionnant pas les appareils. – Consultez les instructions de sécurité et les caractéristiques ou spécifications.
